

# Just to let you know...

## Phonics

This week Hazel class is learning the sounds l, f, b.

Willow class is learning g, o, u.

Please look out for your Phonics books with new sounds inside every Friday.

## Maths

This week we are going to be looking at and finding 2D shapes.

We will be practising the names and talking about their basic properties.

What 2D shapes can you see around you? Have a hunt for circles, rectangles, squares, triangles and semi circles.

## Reception

## Hazel & Willow

### Exciting role play

We had a discussion with all 60 Reception children about what they would like to have as their role play area. They suggested all sorts of ideas and then we voted! In Willow we have a fabulous 'Willow Castle' and in Hazel we have an amazing 'cave' in Hazel wood. This week has been very exciting as we all have been making maps, writing letters and searching for the strange creatures that live in 'the cave.'

We are looking forward to the youngest children going full time on Monday 22nd October. However if you would prefer to wait until half term for this then please talk to your class teacher.

### Picnic

There is going to be a whole school picnic on the Downs on 19th October. We would love lots of Reception parents to come to help with this please. After the picnic there will be an assembly with the juniors and then we will all come back to school for 1.15pm. The younger children will go home as usual at 1.15pm and if there are any parents of older children who would like to take their children home then that is also fine. Of course the older children may stay if you prefer.
