

Finding things that make you say 'Wow!' at the Wild Place.

The children had good fun at The Wild Place this week. (Photos are on the website.) They searched very carefully for objects in nature which made them say, 'Wow.' When we returned to school we made up class poems inspired by this and we tried to use lots of really good adjectives too.

Friday 19th January 2018

'Wild Things' pictures!

We have an amazing gallery of Wild Things in the Year 2 corridor! Please come and have a look!

Year 2 JTLYK

English

This week we have been practicing comprehension, by answering questions about Max's adventure with the 'Wild Things.'

We had to give reasons for our answers and we looked for the specific words in the text which tell us what we need to know.

Home fun

This term we are focussing mainly on spelling tricky words. We have put a Year 2 word mat in for you this week. Please play the 'Hunt the Word' game. Eg You say 'friend' and your child finds the word on the mat and then spells it out loud. Thank you for continuing to help your child so well. Please make sure green books come back to school every week on Wednesday.

Thank you

Some Useful Dates

Fluffy Friday will be 2nd February.

Bedtime Stories will be on 7th

February. More details to follow.

'Wild Things' dressing up day 9th February (very simple costume!)

Maths

We have had fun cutting up a 100 square and making it into a number line. We have played lots of adding 10 and adding 1 games. We are learning that when you add 10 more to a two digit number the tens digit changes and the units digit stays the same.

Eg $24 + 10 = 34$

We will send home a 100 square for your child to make into a number line. Please ask your child to teach you how to play the game. We hope you have fun together. On the dice you either get a 10 or 1.
