

Oak and Beech Class
11th November 2016

Maths

This week we have made 10 frames and we have been busy using these . If you google 'illuminations.nctm.org 10 frame' you will see one of the games we have been playing.

Visit to the Toy Museum

We had a wonderful time on our trip this week. The children loved the museum playing with the (very) old toys and dressing up as Victorian children. We played 'Oranges and Lemons' and sorted toys into the types of materials they were made from. In the Victorian Schoolroom we learned about how strict the teachers were! The children made paper hats and were amazed to see flags, pictures of Queen Victoria as well as lots of stuffed animals! Please see the website for pictures of our visit.

Sound of the Week

This will come home every Thursday for your child to do at home and will reinforce what we have been working on in class. Please return the books by the following Tuesday. It would be really helpful if you could please write how your child enjoyed the exercise and if he/she needed a bit of help. Please don't feel that you have to do everything on the sheet. It is a good idea to pick the bits you and your child would like to do. Have fun!

A big thank you!

Year 1 are really enjoying using the lovely new and improved outdoor area! We love the log seating (enough for a whole class) and the sand and water containers with their smart new lids. Thank you FOPS. Please see the website for a picture.

Parent Consultations 16th or 17th November

We are looking forward to talking with you about your child and all their lovely work so far this year.
