Parent Consultations

7th/8th March

Letters for parent consultations went into book bags this week so please ask us if you didn't get one!

Welcome back after half term and we hope you had a lovely week.

Book Week

The children have been so busy enjoying Book Week! They have all taken part brilliantly and it has been lovely to see the children working in their houses and making new friends. We hope you enjoyed hearing about it from your child and finding out about what they had been learning if you visited for the Friday open afternoon.

Spectrum visit- You will know if your child is taking part in some sports activities on Thursday. Please remember that he/she will get back at 3.30 pm.

Secret Topic Work!

We won't say very much about this but please ask your child on Monday about something exciting they found!

Sound Of the Week

Thank you very much for all the great Sound of the Week work your children took part in during half term. Lots of children have been talking about enjoying the snakes and ladders game. This week we are giving your child a phase 4 sound mat with the consonant blends to read. If time your child could choose 3 words from the sound mat and use them in a funny sentence.

Maths Focus

Next week we are going to be revisiting bonds to 20 (two numbers when added together make 20)
The children will be applying their knowledge of bonds to 20 to reasoning and problem solving too.
A fun game to google is 'Top Marks 'Hit the Button.' This is a great way to become speedy with the bonds to 20!
